BLAINE WILL RUN.

Mrs. Blaine Says So, and That Settles the Question for All Time to Come.

Chicago, Oct 29.—A special from Washington says James G Blaine is a candidate for the presidency, his health permitting, and Mrs Blaine is the nemesis on the track of President Harrison. The death of a loved son of a great reputation and the angry and revengeful determination of a sorrowing mother are today the greatest factors in the republican presidential situation. It has been learned upon authority which cannot be questioned, for the information comes directly from the principals to the affair, the details of a most remarkable story of relations existing between the Harrisons and the Blaines, involving, in all probabilities, the future of both the president and the secretary of state as well as that of the republican party. One of the first requests which Mr Blaine made of President Harrison was the appointment of his son Walker, to whom Mr Blaine often referred affectionately as "Ned," as assistant secretary of state, a place which he occupied under the Garfield administration. But President Harrison refused to follow Garfield's example. He argued with Mr Blaine that it would be better for Blaine not to have his son in an official position near him, and that it would be bad for the administration thus early to set an example of nepotism. Mr Blaine was inexpressibly shocked and astonished at the president's refusal of so simple a request, and was too proud to renew it, and Walker Blaine was bitterly disappointed. Mrs Blaine was furious. Her anger at the man who had so needlessly and, as she thought, so cruelly humiliated her son and her husband was intense and unyielding. Not many months later Walker Blaine was dead. After the first hours of grief, Mrs Blaine's anger at Harrison returned, intensified a hundred fold by sorrow. She declared over and over again that Walker's rejection by the president had broken his heart and his pride and led indirectly to his untimely death. From three distinct sources, each of them of unquestionable accuracy of information and trustworthiness, the correspondent learns that Harrison knows no more than any other citizen concerning the presidential intentions of Mr Blaine. Not one word has been exchanged between the president and his secretary of state on this subject. But Blaine is out for the presidency. Mrs. Blaine, who has spent her summer nursing her husband as far as possible toward strength and health has done so, not to have the gains thus made dispelled by hard work in Mr. Harrison's service, but for the purpose of putting him in the presidential race. It is Mrs Blaine who insists that he shall not over exert himself in the state department, and she may be depended upon to carry her point. Harrison's hope is in Blaine's physical weakness.

RECEIVERS WANTED

For the Poughkeepsie Bridge Company and Connecting Railways.

New York, Oct 29.—Legal papers were drawn up yesterday intending to put the Poughkeepsie Bridge company in the hands of a receiver. A receivership is sought also for the connecting railway lines known as the Central New England railway system. The law firm of Wingate & Cullen represent the applicants for these receiverships, and their proceeding is to have formal suit begun by the Mercantile Trust company, the trustee's bonds of bridge and railroad corporations. The allegations upon which the demand for the receivership is based are that the companies are mis-managed, that illegal contracts have been entered into, and that a floating debt has been created beyond the power of the present managers to finance with safety to vested interests.

DISSATISFIED BALL PLAYERS.

Will Jump the League for the Association.

New York, Oct 29.—Connor and Richardson, of the New York club, have been offered good inducements to sign to play with the Athletics next season. They are dissatisfied with the salary the home team has been paying them, and may jump to the association. Brouthers and Joyce, of the Boston association team, have accepted an offer from the Brooklyn league team. There is hardly a doubt but that they will play with Brooklyn next season.

CARROLL AND PRITCHARD

Matched, and the Battle Will be on England's Shores.

New York, Oct 29.—Jimmy Carroll, the Brooklyn middleweight, has arranged to fight Ted Pritchard, England's champion, for a purse of $2,500. Carroll will shortly sail for England. Jack McAuliffe intends to accompany him, and will have a go with some of the lightweights on the other side.

ROYALTY ON THE MOVE.

The Imperial Family Set Out on a Pleasure Trip.

Copenhagen, Oct 29.—The czar, the czarina and other members of the Russian imperial family, the king and queen of Denmark, and the princess of Wales, accompanied by her daughters, the Princesses Victoria and Maud, left Denmark today on board the Russian imperial yacht for Dantzic, thence by the imperial train to Livadia traveling by way of Warsaw. It is expected that the king and queen of Denmark will stay at Livadia some time, to be present at the celebration of the silver wedding of the czar, and of their daughter, the czarina. Most cordial preparations have been made to prevent the possibility of accident to the train. Thousands of troops will be stationed along the line and the usual precautions followed as to the inspection of the track.

A METHODIST EVENT.

All the Bishops, Excepting Three, in the World Meet at Cincinnati in Convention.

Cincinnati, Ohio, Oct 29.—An event to Methodists throughout the world will be the semi-annual meeting of the bishops of that denomination in this city during the next five days. All the bishops in the world of the Methodist church, save three, will be here, Bishop Thoburn, who is in India, Bishop Taylor, who is in West Africa, and Bishop John Vincent, of Buffalo, President of the Chautauqua assembly and chairman of the commission on national Sunday schools, who is in Europe, trying to regain his health, being the only dignitaries who will be absent. The session opened this morning at 10 o'clock in the Trinity M. E. church, on Ninth street. The chairman will be Bishop Thomas Bowman, of St. Louis, the senior bishop, and Bishop Andrews, of New York, will be secretary. The sessions will be strictly secret, none other than the bishops being admitted. The first business that will occupy the attention of the bishops will be to review the works of the church throughout the world during the past six months. This includes all the regular church work in the United States as well as the missions in foreign lands. It involves the consideration of a great many knotty questions of administration and problems of special importance. After the review of the work is finished, the matter of assigning the different bishops to conferences and fixing the time of same, is to be taken up. Next week the bishops will attend the meeting of the Church Extension, at Columbus, and on the following week they will be present at the general missionary meeting at Cleveland, Ohio.

FIFTY YEARS OLD.

The Prince of Wales Preparing for the Anniversary.

London, Oct 29.—The fiftieth birthday of the prince of Wales falls on November 9 and preparations are being made to have it royally celebrated. The corporation of the city of London is taking steps to ascertain what the prince would like to do on the occasion and whether he would be satisfied with an address in a gold box, or some more substantial donation. Orders have already been issued to the government, army and navy, something out of line, and the grenadiers at Windsor will probably have a dinner they can eat for that day at least. The prince is said to be hesitating as to whether to court publicity on the occasion, and his personal friends whisper that he is not at all proud of his age, and prospects in view of the fact that his mother's health is particularly good, and the chances of life are at least equal to those of Mr. Gladstone, when he was at his age.

THE HATED KOOLACS.

Extort Money From Their Miserable Victims.

Berlin, Oct 29.—A pamphlet is in circulation defending the Jews against the charge of extorting money from the Russian peasants. The writer of the pamphlet says that the real enemy of the peasants is the class of rich peasants, who in some way have accumulated money, and who loan it at rates which Jews would be ashamed to charge, exacting from the hapless agriculturists both principal and interest to the last farthing. These extortioners are known as "koolacs," and are hated and dreaded by their victims.

FIRES RAGING.

Rice Lake Threatened With Total Destruction.

Eau Claire, Wis., Oct 29.—2 a. m.—A report just received here from Rice Lake states that an extensive fire is raging in that town. Several buildings have been burned and the town is in danger of total destruction. Rice Lake is on the line of the Chicago, St. Paul and Omaha road, and is a thriving lumbering town of 4,000 to 5,000 inhabitants.

The Jury Disagree.

Providence, R. I., Oct. 29.—The jury in the supreme court which has been listening to the evidence in the suit of the Abbott Run Mill company against the city of Pawtucket for $50,000 damages to its property through the breaking of the waterworks reservoir in 1886, came into court late last night and said they were unable to agree upon a verdict. They were discharged.

Chess Tournament Arranged.

New York, Oct. 29.—Negotiations between Max Judd of St. Louis, and S. L. Lipschutz, of this city, for the proposed triangular chess match between these players and J. Showalter, of Georgetown Ky., have just been concluded. Play will begin in the first week in December.

Sentenced to Death.

Trenton, Mo., Oct. 29.—Yesterday, after overruling a motion for a new trial, Judge Goodman passed sentence of death on Joseph A. Howell, who murdered Mrs. Minnie Hall and her children in Linn county, January [illegible], 1889. December 18th was fixed as the date of execution.

The [illegible] school, corner of [illegible] and Clinton streets, will soon be ready for occupancy. This is one of the prettiest small public school buildings in the city.

RUSSIAN PERSECUTIONS

Has Created a Reign of Misery and Degradation Such as Never Before Witnessed.

New York, Oct 29.—Dr. Walter Kempster, one of the five special federal emigrant commissioners who have been abroad for some months investigating European emigration, returned upon the ship Majestic yesterday. "The public will have to wait until our report is submitted to congress," he said to a reporter who met him, "but that report will startle the civilized world and will be a theme for discussion in every pulpit in the land. I do wish to speak, however, in regard to the Russian persecutions. The reports published in this country do not half tell of the misery and degradation which exists and which I saw while in Russia. There is no degree in the misery of the people, city or country, it is all the same. The condition of the poorer classes is as absolutely hopeless as it can be. I journeyed from St Petersburg to Moscow and then on down through the center of the British settlements toward Odessa. The sights we saw were terrible. The persecution, however, is not confined to the Hebrews. We hear more of them on account of their superior numerical and financial importance, but in reality it is a religious war. Near Odessa there are German settlements of Lutherans and Catholics that have been there for over a hundred years. These people are selling their property at a sacrifice and are emigrating mostly to the Argentine Republic. No Ukase has been directed against them, but they have been subjected to a series of petty persecutions and they are taking the hint. I am quite sure that we were shadowed by Russian agents. We traveled with special passport, and experienced little difficulty from the Russian officials, though we did find it advisable, and in fact necessary at times, to grease the wheels of Russian machinery." The other members of the commission, Messrs Cross and Powderly are in London, while Mr Schulteis is still lost somewhere in the European jungle. I think that he will be back before long, however.

THE WICKHAM STATUE.

Impressive Ceremonies Attending Its Unveiling.

Richmond, Va., Oct 29.—A statue of General William Carter Wickham, a confederate general in the confederate army, was unveiled here today in the presence of a vast assembly. A procession of military companies from various portions of Virginia, with General Thomas L. Rosser as chief marshal, paraded the streets and marched to Monroe park, where the ceremonies began with a reveille. The statue was unveiled by William Carter Wickham Renshaw, a grand son of General Wickham. It was then presented to the city by Mr Callahan, president of the Monument association, and accepted by Mayor Ellison, on behalf of the city of Richmond. Ex-Governor Fitzhugh Lee was then presented and delivered a masterful oration on the life and services of General Wickham. The statue, which is of bronze and of heroic size, is inscribed, "Wickham—Soldier, Statesman, Patriot, Friend." "Presented to the city of Richmond by comrades in the confederate army and employes of the Chesapeake and Ohio railway." On the reverse is the name, "William Carter Wickham," with the date of birth and death.

DIRECT FROM AFRICA.

Sam Morris, Fresh From the Congo Region, Coming Here.

Samuel Morris, a native of Africa, will arrive in this city tomorrow to attend Taylor university. Samuel is a young man twenty years of age, who was converted at one of the Congo missions of Bishop Taylor. He soon demonstrated evidence of marked intellectuality, and at his own expressed wish arrangements were made by Bishop Taylor to have the young man sent to the United States. The young African worked his way through alone, stopping at various missions and aiding in the good work. In New York he was met by Stephen Merrit, secretary of Bishop Taylor's mission work, and for the past ten days he has been assisting in the mission work there. Samuel is gradually acquiring the languages and will make a brilliant student. He will take general and medical courses at Taylor university, and may make his home here.

GAINING STRENGTH.

The Parnellites Confident of Victory in the Coming Election.

Cork, Oct 29.—Both parties boast of their ability to carry the election, but the McCarthyites, although working earnestly, do not seem to be confident. The Parnellites have so far shown themselves in the majority in the streets, and but for police and military protection the McCarthyites would have been driven out of Cork. The Parnellite element, however, includes many non-voters, whose names were stricken off the roll during the severe canvass of last autumn.

A COMING EVENT.

Cardinal Gibbons Will Officiate at a Church Dedication.

City of Mexico, Oct. 28.—Canon Plancarte, of this city, has sent invitations to cardinal Gibbons and the bishops of the Catholic church in the United States to attend the opening of the Guadalupe church at Guadalupe, one of the most renowned temples in Mexico. [illegible] of New York, Philadelphia, Chicago, Boston, Detroit and St. Louis have already accepted the invitation.

There was a rumor current here yesterday that there had been an engagement on the frontier of Guatemala and Salvador between Salvadorean refugees and Salvadorean troops and the former were defeated. Nothing could be learned of the fight at the Salvadorean legation, where the report is not believed.

"OLIVER BERNE."

The Beautiful River Steamer Burned—Twelve Passengers Die in the Flames.

St. Louis, Mo., Oct 29.—A special to the Post Dispatch from Vicksburg says the handsome steamer Oliver Berne was burned to the water's edge early this morning near Milliken's Landing, twelve miles below Vicksburg. Twelve passengers are reported lost.

The steamer Oliver Berne was a new handsome passenger boat and was built at Jeffersonville, Ind., four years ago. She has been used in the excursion traffic on the Mississippi river for the past two summers and during the winter season has plied between the points at the lower end of the river. The boat was valued at $70,000, and was owned by the Planters & Merchants Packet Co., of New Orleans. She was totally insured. The Oliver Berne left this city Wednesday, October 21, with a crew of fifteen deck hands and carried 150 cabin passengers. The local agent of the company received a telegram this morning that the steamer caught fire and was totally destroyed at Milliken's Landing, twelve miles below Vicksburg, at 3:30 this morning. Twelve persons lost their lives, but whether deck hands or passengers, the telegram did not state.

The steamer left here with a list of over 100 deck passengers and fifteen cabin passengers. This list was increased by additional passengers taken on board at Cairo, Memphis and other landings down the river. A dozen lives are known to have been lost and it is feared when additional particulars are obtained, this number will be increased. The passenger's list is kept on the boat and no names can be learned at the company's office in this city.

New Orleans, Oct 29.—The steamer Oliver Berne, for St. Louis burned at Milliken's bend, twenty-five miles above Vicksburg, shortly after 3 o'clock this morning. Twelve lives are known to be lost and more thought to have perished. The boat was on her way to New Orleans. She had 110 passengers on board.

BRITISH INTERFERENCE.

Chili in Her Trouble With the United States Has the Backing of England.

London, Oct 29.—The merchants in the Chilian trade are moving every influence at their command to bring about British interference in behalf of Chili, in the present misunderstanding between Chili and the United States. There is likelihood, however, that Lord Salisbury will not consent to have anything to do with the affair as long as British rights are respected.

THE BALTIMORE AFFAIR

Baltimore, Oct. 29.—The following is an extract from a private letter received in this city yesterday from H. C. Jarrett, jr., one of the crew of the steamship Baltimore, at Valparaiso, September 19. Mr Jarrett is the nephew of the famous theatrical manager of that name, and a son of A. B. Jarrett, of this city.

Valparaiso, Chili, Sept. 19, 1891.

Everything is quiet here, and the new government has been formed and proclaimed and, O, Lord, how they do hate an American. They celebrated their independence on the 18th and at night gave a torchlight procession, and as they came by the English, French and German fleets, they cheered and "viva'd," but when they steamed past the old Baltimore, you could almost hear your heart beat: and the reason I think, is this. Apart from the Balmaceda affair, or rather what at that time were the oppositionists, say that the United States minister misrepresented them to our government, and the consequence was, our government would not recognize them as belligerents, and I am afraid that the high esteem that always existed of us in a Chilian's imagination, there now remains but very little. Two of the men who were shot are with me in the steam launch, have revived and are walking around on the decks, but poor McBride, the one who was running the engine and got shot in the lungs died two days later and we buried him at sea, sixty miles off [illegible], where we took some refugees. I have since learned that the English and French launches had several killed and wounded as well as ours. We expect to coal tomorrow and leave for Callao where we will be given liberty, as it is considered too dangerous here, as the captain fears that the people would rise up and mob the men." The letter concludes with the news, which had just arrived on the Baltimore, of the suicide of Balmaceda, the preceding night, in the Argentine legation.

LOCAL LINES.

Dr. McCaskey has returned from a professional visit at Warsaw.

It was learned today that Mrs. Sabel Carter, who was announced to deliver an address on "Missions" at Trinity church tomorrow evening, will be unable to fill the engagement at that time.

MANY LAW SUITS

Come From the Difficulties Between Aaron Rothschild and Frank Hake—Cases in Court.

The difficulty between Frank Hake, the well known brewer agent, and Aaron Rothschild, the artificial ice manufacturer, mention of which was made in yesterday's Sentinel, has resulted in a long list of law suits in which the two will figure prominently.

The men own contiguous property in Bloomingdale. Yesterday morning Rothschild set his men to work preparing grades for an ice house to be erected on his land. The men, so Hake says, were directed to proceed in such a manner as to damage his property. Mrs Hake and her daughter went out and stood upon the ground in such a manner as to interfere with the workmen. Mannak, one of the workmen, was struck by Mrs. Hake, so it is charged. In the morning these disturbances excited the residents of the north side to no little extent and it resulted in affidavits being filed in Justice France's court by Rothschild against Hake for provoke.

In the afternoon the workmen again appeared upon the scene and Aaron Rothschild directed their movements despite the actions of the women. Later Hake himself appeared on the grounds and told Rothschild to desist as he was insulting his wife and daughter by ordering them off their own property. Rothschild said nothing. His silence enraged Hake, who struck Rothschild over the head with a cane. Mr Rothschild fell to the ground, and as he was dropping Hake, it is said, hit him another blow. Two severe scalp wounds were inflicted, one on the front part of the head and one on the back of the head. The injuries were dressed by Dr. G. [illegible] Greenawalt. They are quite serious, and confine the patient to his bed, but are not considered dangerous.

The provoke case of Mr. Rothschild against Mr. Hake was to have been tried yesterday afternoon at 4 o'clock, but on account of the condition of Mr. Rothschild was continued until such time as he can appear as a witness.

This morning affidavits were filed in Justice France's court against Frank Hake, Christina Hake, his wife, Frank Hake, jr., his son, and Lena Hake, his daughter, asking that they be placed under bonds to keep the peace. These cases have not yet been heard.

An affidavit was also filed against Frank Hake, sr., charging him with assaulting Mr Rothschild with intent to kill. This case will be heard next Monday at 2 o'clock, and Mr. Hake was placed under $500 bond for his appearance at that time.

Affidavits have also been filed against Aaron Rothschild for assaulting Mr. Hake's daughter and assault and battery cases commenced against Frederick Bandt and Harry Minnich.

PROSECUTING HUNTERS.

This morning Mrs. Elizabeth Kammaier filed an affidavit in Justice France's court against Henry Wagner for provoke and also for hunting on her lands without permission. The fines in the latter case is fixed by law at $5.

POLICE COURT.

There were three prisoners arraigned in police court this morning. Charles Trowbridge was arrested by Officer Dessler on the charge of drunkenness. He had gone to sleep in Hattersley's barn, and when he got awake he left, taking a lap robe and a duster belonging to Mrs Hattersley. When arrested he had the articles in his possession. The fellow claimed in police court that he was so drunk that he didn't know what he was doing. The mayor bound him over to court and sent him to jail.

Gus Brown got drunk last night and was in a fighting mood. He assaulted Mr Snyder in a saloon on Harrison street, inflicting a bad wound on his head. Officer Trautman arrested him and the man was sent to jail.

John Miller, who was arrested by Officer Smith for being drunk and disorderly was fined $1 and costs and sent to jail.

COURT CULLINGS.

In the suit of J. F. Seiberling & Co vs. Henry Leudolf, a judgement on a note for $1,095 was rendered in the court.

Josephine Besancon applied for and was granted a license to practice medicine.

Chas. F. Reitl was accepted for treatment at the insane asylum at Richmond yesterday. He will be taken there in a few days.

Justice France fined John Green, a conductor on the Pittsburg, $1 and costs for obstructing Lafayette street with a freight train.

Last evening Deputy Sheriff Wilkinson and Henry Stoll went to the home of Mr. Cornelius Carmody and arrested his sixteen year old son on a charge of larceny. The young fellow is accused of having stolen about $50 in money from the [illegible] store of L. F. Sharp, in which establishment he was for a long time a clerk. The young fellow was taken before Judge O'Rourke and bound over to court, and failing of bail he was sent to jail.

Sheriff Dickey of Greensburg, has arrested Frank Chapman and placed him under arrest in Lagrange county. Chapman is the leader of a gang of burglars who began operations a few years ago and made frequent raids in the surrounding towns. [illegible] have since served a term in the penitentiary. The wily Chapman, however, has evaded the searchers heretofore, having given them a chase through the south and west, and finally back to Indiana again.

Before Justice Wilkinson, Joseph Schultz, one of the men who passed beer to boys at the Edgerton wedding, was fined $20 and costs in three different suits filed against him for giving liquor to minors. The fines and costs amounted to $115. He said the bar-keeper, John Lalig, was similarly fined. Sam Ireland was fined $1 and costs for intoxication. Joseph S. Frank was fined $1 and costs last evening for provoking Nicholas Gassert.

Charles Stark and Mary E. Williams, Henry Hartman and Susie Spear have been licensed to wed.

The case of E. F. Sites against Sollie Leach, before Justice Hays, in which the plaintiff secured judgment, has been appealed to the superior court.

The appealed case of the Pennsylvania company vs. Newmeyer was decided yesterday in the supreme court and the decision will be of interest to railroad people. Judge Coffey, who made the ruling, followed a recent decision of the supreme court of the United States and decided that a party to an action in which a recovery for personal injuries is brought cannot be compelled to submit to an examination of his person by any physician or surgeon.

DIED OF CANCER.

Mrs. H. J. Ash Dies After a Lingering Illness—Other Deaths and Funerals.

Mrs H. J. Ash died at her East Main street home at 7:30 o'clock this morning of cancer, from which she was a patient sufferer for a long time past. The deceased was born and raised in Fort Wayne, and old residents will remember her as Miss Addie Fairfield. She was a woman among many, having beautiful traits of character that endeared her to a large circle of friends. She was a conscientious Christian woman, being a member of the First Presbyterian church. The deceased was the wife of the prominent East Columbia street dealer, who, with the following seven children, survive her: Luella, Cora, Lillian, Emma, Fred, Howard and Robert. Mrs. O. L. Starkey is a sister of the deceased and Mrs. Ad Link is a niece. The funeral will take place Sunday afternoon, Rev. Moffat officiating.

The funeral of John L. Porter at Grace Reformed church was exceedingly touching. The text from which Pastor Zartman spoke was from the XXIV chapter Matthew, 44th verse, "Be Ye Also Ready for in an Hour Ye Think Not the Son of Man Cometh." It was selected by Mr Porter shortly before his death, as were the hymns "Rock of Ages" and "Nearer My God to Thee." Among the beautiful floral pieces was a "Gates Ajar" and a basket from the F. P. A., and a "grip" symbolical of the traveling salesmen's profession, the latter being from Dick Townsend, of the Randall. Many other flowers were sent. The funeral was largely attended. The interment was in a beautiful lot at Lindenwood, in accordance with a wish expressed by Mr. Porter.

The funeral of John H. W. Schaefer will take place Friday afternoon at 1:30 o'clock, at the home of the deceased, No. 113 West Third street, and at the St. John's Reformed church at 2:00 o'clock. The deceased was seventy-five years old and a respected citizen.

Mrs. Margaret Zickraf, of 22 Koch street, died of typhoid fever today, aged thirty-four years. The deceased was the wife of Ludwig Zickraf, and leaves three children. Notice of the funeral hereafter.

AN OVERWORKED PROFESSOR

Ends His Toils by Blowing Out His Brains.

Philadelphia, Oct. 29.—Prof. H. Y. Lauderbach, principal of the boys academy which bears his name at Twelfth and Chestnut streets, committed suicide in one of the rooms at the school this morning by shooting himself in the head with a revolver. The only reason assigned for the act was overwork. Professor Lauderbach is about fifty-eight or sixty years of age, is married and has a son and two daughters. He has been an educator of the youth of the city for two thirds of his life and many prominent men are graduates of his academy.

OUR SHOP GIRLS.

Geary's Stock Company in Sam J. Roberts's Greatest Triumph.

"Our Shop Girls" is a beautiful local drama and one in which Mr. Sam J. Roberts scored his greatest success throughout the states everywhere, is being presented this week at the World's Museum with Mr Roberts in the leading role. The play is local in its character and is presented with all the scenery, mechanical effects, etc., which greatly adds to the success of the production. The scenery comprises a life like [illegible] the large steam hammer at the [illegible] McSween's park with [illegible] the market, etc.

Charles Fell, a highly respected pioneer resident of Allen county, living six miles south of the city on the Winchester road, celebrated his eighty-[illegible] birthday on the 22d of this September. Although Mr. Fell has seen four score years, yet he reads the Weekly Sentinel regularly [illegible].

Dr. [illegible] of Montpelier [illegible] today.

THEY ARE HERE.

The Grand Rapids Excursion Train Brings in Eleven Hundred Strangers—A Successful Excursion.

Shortly before noon today an excursion train of twelve coaches arrived on the Grand Rapids and Indiana railroad from the north, having on board a light hearted crowd of many kinds of people. Men of professions jostled against honest tillers of the soil, and struggling youths with their rosy cheeked lasses mingled with the dudish young man with his city girl. Men, women and children all seemed to be happy. The excursion was managed by Mr. Baker, of Kalamazoo, with the object of making money, a scheme which met with the success it deserved. Fort Wayne was made the objective point by reason of the opportunities it affords for relaxation and the many advantages it holds for persons desiring to buy merchandise in small or large lots of our dealers. The excursion party was met at the south depot by the City band, to the strains of which music the visitors were escorted to the court house where they dispersed to spend the time as they chose. Some viewed the city from street cars or on foot, others procured carriages. The institutions were visited and everywhere the guests were made welcome. Beautiful weather crowned the success of the day and the Northern Indianans and Michiganders will return home this evening highly pleased with their trip. Come again, friends. The excursion train started from the station of Morton, sixty miles north of Kalamazoo, and stopped to take on passengers at twenty eight different stations.

TWENTY-FIVE YEARS

Of Married Life Passed by Mr. and Mrs. Thomas Pritchard.

A very pleasant social event occurred at the residence of Mr. and Mrs. Thomas Pritchard, 31 Holton avenue last Saturday evening, the occasion being the twenty-fifth anniversary of their wedded life. Mr. and Mrs. Pritchard plighted their marriage vows at the altar in St David's church, Liverpool, England, in 1866, where they resided three years. They then moved to Canada and thence to Fort Wayne where they made their continuous residence since. They have found an extended acquaintance and their many friends turned out in response to invitation sent out by the couple and gathered at the pleasant Pritchard home in large numbers. The host and hostess assisted by their daughter, Lizzie, and son, Thomas, amply provided their guests in various ways of entertainment, and a bounteous supper was served at 10 o'clock. Those present were the following gentlemen with their wives:

WOODEN WEDDING SURPRISE.

Mr. and Mrs. James Trythall Five Years Wedded.

It was five years ago yesterday that James Trythall the popular forgeman at the big steam hammer in the Pittsburg shops, took unto himself a helpmate at the altar, but as he strolled homeward last evening his usual peaceful state of mind was not disturbed by the fact that it was the anniversary of their marriage. He was not aware that a deep laid plot was to be carried out at his home that evening. So, when about one hundred guests presented themselves at the Trythall door, at 13 East Butler street, the surprise was so complete that it took that worthy couple some moments to recover from the shock. But when they did, no hospitality within the power of the host and hostess was lacking. A [illegible] silver tea set, presented by a large number of friends, was a departure from the usual line of presents that go with a wooden wedding, but it was a gift that was well bestowed and that will be kept precious as a [illegible]. The presentation speech was made by Capt. [illegible] in the eloquent style that is peculiarly his own. Other presents were received. The hours were passed [illegible] in [illegible] ways [illegible] Bonnie [illegible] contributing [illegible] to the pleasure of the occasion. The fifth wedding anniversary of Mr. and Mrs. Trythall will always be remembered by them with the pleasantest recollections.

CHEATING IN HORSE BLANKETS

Nearly every pattern of 5/A *Horse Blanket* is imitated in color and style. In most cases the imitation looks just as good as the genuine, but it *hasn't the warp threads*, and so lacks strength, and while it sells for only a little less than the genuine it isn't worth one-half as much. The fact that 5/A *Horse Blankets* are copied is strong evidence that they are THE STANDARD, and every buyer should see that the 5/A trade mark is sewed on the inside of the Blanket.

NATURE is being robbed of its summer foliage. The trees are rapidly dropping their leaves.

THE SENTINEL extends a welcome to the excursionists who are in the city today. May they come often. Fort Wayne will always be glad to see them.

HALLOWE'EN parties will be all the rage this year. Preparations are being made for many of them in this city. THE SENTINEL will publish in tomorrow's paper an excellent story entitled, "Her Hallowe'en Party."

THE Lafayette city marshal has served official notice that any boy, girl, man or woman found throwing cabbage or cord-wood, tearing gates from hinges, placing wagons on houses, or committing any other idiotic act common to hallowe'en, will be arrested and fined. Hasn't the Lafayette marshal taken a pretty big contract?

ABOUT three years ago an illustrated edition of the Bible, published in parts by an Italian newspaper, was generally commended in England and America. The report now is that the report has been remarkably successful, the sale being very large, and that this pictured Bible is found everywhere in Italy in almost every family able to read.

THIS nice compliment is paid us by S. E. Alford, the editor of the Noble county Democrat, in the last issue of his paper: "THE FORT WAYNE SENTINEL is fifty-eight years old, and undoubtedly has had several new dresses—but the one it comes out in now, is a beauty. Well, THE SENTINEL has earned it, and thousands say, 'she is as good as she is handsome.'"

HON. W. F. McNAGNY, of Columbia City, has had "his castor shied into the ring" as an active candidate for the democratic nomination for congress in this district. The Columbia City Post, of this week, has a long article commendatory of him and advocating his claims. Mr. McNagny is a brilliant attorney, a magnificent orator, and would be an honor to the position.

A FIRM in Munich has made a carriage which is propelled by gas generated from benzine or analogous material. The motor, which is not visible from the outside, is placed in the rear of a three-wheeled carriage over the main axle, and the benzine used is carried in a closed copper receptacle secured under the seat, from which it passes, drop by drop, to the generator. The speed is regulated by a lever. Ten miles an hour can be made.

THE old lieutenant-governorship controversy between Col. Robert S. Robertson and Alonzo G. Smith was recalled to memory yesterday by a decision of the supreme court of the case of Robert S. Robertson vs. A. G. Smith, et al. at Indianapolis. The case was brought to decide who should pay the expenses of the litigation arising from that controversy. The Marion county superior court decided that Robertson should pay them, but yesterday the supreme court, through Justice Miller, reversed this ruling and puts the costs upon Smith et al.

GREAT interest was manifested in the new Edison electric mining appliances exhibited at the late Electrical exposition in Montreal. The most striking of these is the electric percussion drill, which will bore at the rate of three inches per minute in the hardest granite. It requires but little power to operate and can be worked any distance from the dynamo to a limit of three miles. The drill is very simple in construction, having no moving parts except the plunger and nothing that will be affected by moisture. This device, it is said by experts, will completely revolutionize mining work.

BANK TAX LITIGATION.

Of all questions which have arisen between the taxing authorities and the banks the most important to the business interests of the state of Indiana is one just decided by Judge Taylor, of the superior court, of Indianapolis.

Certain members of the state board of tax commissioners had construed a law enacted by the last legislature as giving the assessor the right to compel the banks to give information respecting the accounts of depositors and that banks and bankers refusing to do so would be punished for contempt.

The bankers made two principal objections to this construction of the statute. The first that it is in conflict with the rights of the people to be secure against unreasonable search or seizure. Second that the law would be made use of for the purpose of compelling depositors who had removed their deposits [illegible] before the 1st of April, which if done to any great extent would compel the banks to call in their loans and thereby curtail the general business of the country.

Judge Taylor's decision is certainly a sensible one, and as he is recognized as a good lawyer is probably by others very proper.

He decides that the statute rightly construed does not confer inquisitorial powers, that the tax board is not a court and therefore cannot fine or commit to prison, that the constitution protects the citizen against unreasonable search or seizure, and that the functions of the tax board continue to the assessment of railroad, telephone property, etc., and to equalizing assessments as between counties.

We consider this decision as very important in all its bearings and that it will do away with considerable anxiety in business circles. The problem of taxation will ever be a difficult one for law making powers to solve. New questions will arise for the courts to decide and to protect the individual in his rights as defined by the constitution.

FISHING IN PIONEER TIMES.

Nowadays a man who goes a fishing in the streams hereabouts has to be a good fisherman if he wants to catch any fish. There used to be a time, however, when fish were so abundant around Fort Wayne that anybody could catch them, and that, too, by the wagon loads. This is the story of their abundance as told by one of the old pioneers.

The Indians, perhaps for centuries, had been accustomed to look to the streams here for much of their food in the form of fish, so abundant were they from Lake Erie to this point, and for some distance up the St. Mary's and St. Joseph. During the seasons of freshets they would find their way up the Maumee from the lake in great quantities, and some of them very large. When the waters would subside they were often so numerous that it was difficult to ride a horse, or drive a team across the streams here without the wheels of the vehicles running over some of the finny tribe. At one time a company from Cincinnati began, and for several years carried on, the manufacture of oil from the fish caught here. Many boys and Indians made very good wages by catching fish for the company.

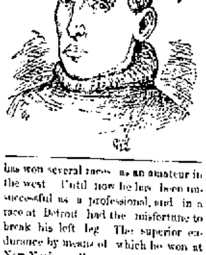
The Indians had always been of the belief that the Great Spirit had thus filled the streams here with fish for their special benefit. When a few years after this period, a dam was built near the mouth of the Maumee at the lake and the fish were prevented from coming up the stream, their number then gradually diminished and the oil company was compelled to cease operations. The Indians expressed great displeasure when this dam was built and considered it a direct encroachment upon their rights and the designs of the Great Spirit.

WONDERFUL WHEEL RIDING.

More Than 1,466 Miles in Six Days—Martin, Winner of the Bicycle Race.

The international bicycle race in New York resulted in the triumph of William Martin, who broke the record and made more than 1,466 miles in 142 hours. His success is that of an Irish-American, and the green flag and the Stars and Stripes are the proper emblems of his rolling supremacy.

The sporting hero of the hour was born in Dublin, Ireland, January, 1869. He was three years old when brought to the United States. His chief claim to distinction is found in his astonishing performance of last week, but he has won several races as an amateur in the west. Until now he has been unsuccessful as a professional, and in a race at Detroit had the misfortune to break his left leg. The superior endurance by means of which he won at New York is the event which gives him world-wide preeminence as a bicyclist, is said to be in a great measure due to his abstemious habits. Martin is a total abstainer from alcoholic liquors of all kinds and from the use of tobacco.



THEY ARE CALLING.

Judge Hench and Ex-Prosecutor Robinson at Albion.

The Albion Democrat says: "We had a pleasant call from Mr. James M. Robinson, ex-prosecuting attorney of the Allen county circuit court the other day. He has just completed his term of official service, and retires leaving an enviable record and reputation for fidelity, integrity and ability.

"Judge S. M. Hench, representative of Allen county in the last legislature, gave us a call while here on court business the other day. Judge Hench was an active and leading democratic member of the general assembly, and prominently identified with the most important measures before that body."

A GRAND GOOD WORK.

Report of the Fort Wayne Relief Union in This City.

THE SENTINEL is in receipt of an annual report of the Fort Wayne Relief Union, with compliments of Mrs. G. E. Bursley, the corresponding secretary.

Much of the work of the union for the past year has been almost a repetition of that of former years but in looking back over the year and comparing the good accomplished then with that of the year just closed a considerable progress is noticeable. The number of applicants at the office during the year were 116. Of these 81 represented families where the fathers were living, 42 were widows, and 20 were single persons.

Of the 81 families mentioned first, 15 had been deserted by the husbands and fathers, and 24 cases proved unworthy of assistance. The total number of children under the age of 12 years in these families was 229.

The number of visits made during the year is 732 and as a means of ascertaining the real success or failure of the work there is no better way than to visit those assisted. Of the whole number of applicants, some received aid but once, some several times, and a few, where there had been sickness, many times.

The officers of the union are as follows: President, Mrs. A. D. Guild; first vice-president, Mrs. J. K. McCracken; second vice-president, Mrs. M. B. Gorsline; recording secretary, Miss Helen Moffat; corresponding secretary, Mrs. G. E. Bursley; treasurer, Miss Katherine Hamilton; superintendent, Miss Emma E. Eckels.

Pronounced Hopeless, Yet Saved

From a letter written by Mrs. Ada E. Hurd, of Groton, S. D., we quote: "Was taken with a bad cold, which settled on my lungs, cough set in and finally terminated in consumption. Four doctors gave me up, saying I could live but a short time. I gave myself up to my Saviour, determined if I could not stay with my friends on earth, I would meet my absent ones above. My husband was advised to get Dr. King's New Discovery for consumption, coughs and colds. I gave it a trial, took in all, eight bottles; it has cured me, and thank God I am now a well and hearty woman. Trial bottles free at Dreier Bros. Drug Store, regular size, 50c and $1.00.

MASONIC TEMPLE.

The Fun-Makers Tomorrow Night—Karl Gardner Saturday.

Considerable interest is aroused over the coming of John T. Kelly and his excellent company of comedians in the great laughing success, "T. and H.," at the Temple tomorrow night. The skit has been carefully worked over and is without one dull moment. John T. Kelly is one of the drollest comedians on the stage. In "O'Donovan Tobin" he has a part that affords ample opportunity for the display of his peculiar talents. The balance of the company are good and the play is an excellent one.

The sweet singer and merry German dialect comedian Charles A. Gardner will appear here Saturday night. "Captain Karl," a romantic comedy picturing home life among the vineyard workers of Saxony, will be produced. Mr. Gardner is not only known widely as an actor, but also as an agreeable tenor singer, and in his new play has great opportunities for the display of his vocal powers to advantage.

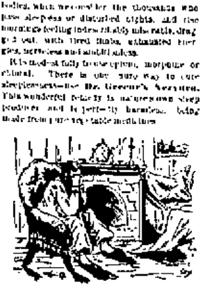
YOUR MOST DANGEROUS FOE.

And How to Surely Overcome It.

Sleeplessness is a rapid road to the insane asylum. Men allow care, anxiety or business troubles to drive sleep from their eyelids while women with irritating nerves and excitable temperaments pass hours upon hours each night in sleepless restlessness.

What wonder that there are so many shattered nerves, tired brains and debilitated bodies, which we meet for the thousands who pass sleepless or disturbed nights, and rise mornings feeling more tired and miserable, drag their way through the day with tired limbs, exhausted energies, nervousness and debilities.

It is medically foolish to use opium, morphine or chloral. There is one sure way to cure sleeplessness—use Dr. Greene's Nervura. This wonderful remedy is nature's own sleep producer and is perfectly harmless, being made from pure vegetable medicines.



It soothes and quiets the weakened, irritable and overwrought nerves, producing perfect repose and refreshing, natural sleep; at the same time it builds up the shattered nerves and gives renewed life, strength and vigor to the system. Use it, you who are sleepless. All druggists, $1.00.

"I can especially recommend Dr. Greene's Nervura as being a good remedy for sleeplessness. Having been troubled in this way for three years, and objecting seriously to opiates, I have used Dr. Greene's Nervura with great benefit. I have also recommended the Nervura to many of my friends, who have been much benefited by its use.

Mrs. G. H. RITA,

Call or write him about your case or send for symptom blank to fill out, and a letter fully explaining your disease, giving advice, etc., will be returned free.

A Day on the Peaceful Sylvan Lake—Local and Personal News Concerning Mechanics.

The adventure recorded below concerns a very popular young man in furniture circles. His name might not be Nelson, but for convenience sake we will call him by that name.

He accompanied the Catholic Knights to Rome City last Sunday, but did not attend the dedicatory exercises. No, he preferred to spend the day 'midst nature's surroundings along the peaceful shores of romantic Sylvan lake. At times he was on land, and again in a boat—but always near the shore, for he dearly loved nature and she dwelleth not in the deep waters of an artificial lake. Besides, Mr. Nelson was not provided with a life preserver. A part of the time this student of nature devoted to prayerful meditations, replenishing between acts the supply of blue gill bait which was suspended by means of a thread and pin hook from the small end of a pole.

Mr. Nelson is a naturalist, as we stated above. He is also a piscatorial artist. Ever and anon he would yank out a blue gill, and ere the setting sun had sunk beneath the western horizon, a goodly number of the finny tribe lay in the bottom of the boat.

One of the finny tribe had no fins. It was a dog fish. Mr. Nelson never saw a dog fish before and probably will never want to see another. But he was a student of nature and here was a chance to add to his store of knowledge. Why not grasp it? He did, and about the same time the dog fish grasped one of Mr. Nelson's thumbs. Then was the peaceful quiet of Sylvan lake disturbed. So also were the prayful meditations of nature's student. It's a sad, sad story and a long one. Our limited space forbids it publication. Suffice it to say that the dog fish escaped. So did Mr. Nelson, and the sieve-like appearance of his thumb alone remains a constant reminder of the thrilling adventure.

If heavy rains do not come before winter sets in, some of the Indiana railroads will be short of water. The streams and wells from which the supply is drawn are, in some localities, drying up.

Indianapolis Journal: "The Findlay, Fort Wayne and Western people have decided to build a link to connect their road with the Toledo, St. Louis and Kansas City at Grover Hill, where the roads can interchange traffic readily."

George Bradbury, general manager of the Lake Erie and Western road, states that on November 1 George T. Jarvis will take service with this company, under the title of assistant general superintendent, with headquarters at Indianapolis.

J. W. Kehler and Harman Flack were mysteriously missing from their work in the folding bed factory yesterday morning. Inquiry revealed the fact that the men were at Columbia City attending the A. O. U. W. exercises and "got left."

The Pennsylvania company, on Monday, began the work of cutting down Schererville hill, on the Chicago division of the Panhandle road. Steam shovels and construction trains will be two months, it is estimated, making this improvement.

Ticket Agent John Ross, of the Pittsburg, had as his guests yesterday T. B. Austin and D. W. Jones. Both gentlemen are prominently connected with the passenger department of the Northern Pacific railroad. They left for Cincinnati last evening.

The Fort Wayne Furniture company will soon be manufacturing folding beds of different styles from any they have yet made. Yesterday they received six designs from a New York designer. Two of them are for Chiffoniers, two for uprights, one with a sideboard combination and one with a hat and cloak rack attachment. Yesterday the company shipped some folding beds to Kincardine, Ontario, and are now figuring on a contract with a dealer in New Brunswick. The October sales will exceed [illegible] beds over 50 per cent. better than the sales for the corresponding period in 1890.

The damage suit of William Collins against the Lake Erie and Western Railway company, which has occupied the attention of the Delaware county circuit court for a week, was compromised yesterday, the company agreeing to pay Mr. Collins $100.

Conductor W. E. Lipsett and his bride arrived in the city last evening, having paid a very pleasant visit with St. Paul friends. Mr. Lipsett has charge of Pittsburg passenger trains Nos. 4 and 5 between this city and Crestline, Ohio. He will report for duty tomorrow.

Alonzo Woodward was a caller at the Pittsburg shops yesterday. Formerly he was assistant in the blacksmith shop and knows pretty near every man in the shop. Mr. Woodward is now the foreman of the blacksmith department of the Cincinnati, Hamilton & Dayton shops, at Lima, O.

C. A. Ball was the guest of Fort Wayne friends last evening. For a number of years he served the Fort Wayne, Cincinnati and Louisville railroad in the capacity of telegraph operator at Bluffton. At present he is the agent of a railway supply house, with headquarters at Marion, Ind. Mr. Ball went to Bluffton this morning.

Prevention is Better

Than cure, and those who are subject to rheumatism can prevent attacks by keeping the blood pure and free from the acid which causes the disease. For this purpose Hood's Sarsaparilla is used by thousands with great success. It is the best blood purifier.

Constipation is caused by loss of the peristaltic action of the bowels. Hood's Pills restore this action and invigorate the liver.

The cornerstone of a new M. P. church at Marion has been laid.

A MOST REMARKABLE ARTICLE.
If you desire a transparent, clear, fresh complexion, free from blotch or blemish, roughness, coarseness, redness, freckles or pimples, use "Ladrello Oil." Has the magic effect of enlarging, invigorating or plumping out any shrunken, or shriveled or undeveloped parts. 50c and $1.00 at Druggists; large size prepaid by express for $1.00. E. S. Superior to All Others.

Allcock's Porous Plasters are the great external remedy of the day. The quickest, safest, surest, best. Not only immeasurably superior to all other plasters, but also to liniments, ointments, oils and similar unctuous compounds.

Beware of imitations, and do not be deceived by misrepresentation. Ask for Allcock's and let no solicitation or explanation induce you to accept a substitute.

Piles! Piles! Itching Piles.

SYMPTOMS—Moisture, intense itching and stinging, most at night, worse by scratching. If allowed to continue tumors form, which often bleed and ulcerate, becoming very sore. SWAYNE'S OINTMENT stops the itching and bleeding, heals ulceration and in most cases removes the tumors. All druggists, or by mail, for 50 cents. Dr. Swayne & Son, Philadelphia.

TAKE S.S.S. IN THE SPRING.

Nature should be assisted in the spring to throw off the heaviness of the sluggish winter circulation of the blood. Nothing does it so well, so prompt or so safely as Swift's Specific.

I have used S. S. S. for a number of years, and consider it the best tonic and blood remedy that I ever used. In fact I would not attempt to enter upon a spring or summer in this climate without it.

Running the Gauntlet

Pearline has been through it, but it has [illegible]. Every other modern improvement has had the same struggle. There's unbelief, prejudice and misunderstanding, peddlers of imitations—the false statements of soapmakers and unscrupulous grocers to fight against. The old way is hard to leave, even if a better way is open. You can't believe that Pearline can do so much; then you can't believe that it's done safely;—in the end you can't see how you ever did without it. That's the story of millions—full of doubt at first, full of satisfaction at last. If you're at the doubtful stage, try it. You won't know [illegible] good cleaning till you do.

DISEASES CURED BY ELECTRICITY

DR. W. D. REA,

RENOWNED

Surgeon Specialist

—AND—

Staff Physician

—TO THE—

SOUTHERN

Medical and Sergical Institute,

591 Fifth Street, Louisville, Ky.,

Will be at Fort Wayne at the Randall Hotel Nov. 4 and 5, returning every 28 days for another year.

CONSULTATION :-: FREE.

The Southern Medical and Surgical Institute was organized by Drs. Rea and Walter and full staff of specialists, covering every branch of surgery and medicine. It has treated more patients than any institution in the west and south. See circulars for particulars, as many patients could be treated at home after one treatment. Treats all diseases of the Eye, Ear, Nose, throat and lungs. CURES CATARRH IN ALL FORMS, diseases peculiar to women, falling of the womb, and displacements of the womb. Will give $100 for a case that cannot be cured in from one to four treatments.

Dr. Rea will bring with him all his portable instruments and apparatuses, and come prepared and will take the time to perform any surgical operation, no matter how difficult; he will bring with him Maps and Charts, Physiological and Pathological showing the different diseases taken from photographs, the finest set in the state. He will bring with him his electrical apparatus for examining the throat, nose and rectum. It is a small incandescent electric light, is the most wonderful discovery of the age. He is the only one to use it in the state. Just imagine putting an electric light down your throat and nose making a brilliant light, and many other instruments that he could not bring. There is a class of sufferers that he wishes this to reach, and that can be cured with one or two treatments, and below he will name over these diseases which he cures by electricity. There is no pain or soreness, no stopping business or interference whatever from regular habits, and all parties suffering from the following diseases should come and be treated, as he will take plenty of time for each case. Piles, bleeding, itching or external prolapsus of Rectum—in any form he guarantees to cure with one or two treatments.

DISEASES OF THE EYE.

Granulated sore eyes, conjunctivitis, opthalmia, weak watery eyes, ulcers of the cornea, opacity of cornea, pannus, growth over sight, cataract and all diseases of the eye cured. We never operate where a cure can possibly be effected otherwise, but when necessary we claim to have no superiors. Our treatment is painless and the effects are immediate. We come fully prepared for examination and operations. We refer you to some of the most remarkable cases of restoring sight ever made in the world.

Fissure, Fistula or Ulcers cured by our electrical treatment.

Stricture of the Urethra, one or two treatments by electricity; no pain or soreness. Hypertrophic catarrh of the nose.

Polypus tumors of the nose, ear or rectum removed at one treatment.

Irritation of bladder and kidneys, one treatment, also female diseases, such as falling of the womb, displacements, forward or backward, replaced; permanent cures.

Sterility.—There are a great many women suffering from this, whites or leucorrhea or some other diseases which can be relieved and cured by one treatment.

Ladies having "superfluous hair" on their face we remove them permanently by one treatment. Blotches, moles, etc., likewise cancers, tumors, warts, cured by one treatment. Varicocele, Hydrocele cured. Rupture cured.

Young men suffering from errors should call; one or two treatments will restore them.

Deafness.—There are many cases that can be easily restored. Deformities, club feet, curvature of spine, all properly treated.

Lung Trouble.—Many diseases are curable that have not gotten too far. Will say to physicians of Fort Wayne and county: if you have a patient or relative you wish examined, bring them to. I have no secrets in my practice and will take pleasure in explaining every mode of treatment necessary. Will show them improvements in advanced surgery and medicine. Patients coming from a long distance and staying night should call as soon as arrived, and many can go home well and never have to come back again.

Dr. Rea will undertake no incurable case and he will tell you what chances, if any, to be cured.

Nearly 6,000 patients have been treated at this Institute at Louisville, Ky., where there is a full corps of physicians assisting him.

Dr. L. W. Walter, Dr. Whitaker and Dr. Applemun, and no physicians have better success than they.

Remember the date. Send this to your sick neighbor or distant relative. Do not let it be said of you, like the old adage that "Man's inhumanity to man has made millions suffer and mourn."

Each patient can see the doctor privately. Call as early as possible, as his room will be crowded.

HE IS EIGHTY YEARS OLD.

Christian Zollinger's Gather His Children and Grand Children About Him.

Mr. Christian Zollinger, the father of Mayor Zollinger and one of [illegible] oldest and most respected residents of this county, reached the ripe age today of four score years and is celebrating the occasion in a very pleasant manner with his children and grand children at the home of his son, August Zollinger on East Washington street in this city.

His birthdays, for a number of years, have been made by the children the occasion for a family reunion. The one today is especially interesting by reason of Mr. Zollinger having reached the eightieth milestone in his life and there are present the following sons with their wives and children: Frederick, Henry, Chas. A., Moritz, Lewis, Valentine and August. They all reside in this county except Moritz, who is superintendent of the waterworks at Topeka, Kan.

At the family dinner which is being served this afternoon there are seated the sons, their wives and their children, making a party of fifty or more, and the occasion is one fraught with joy to all, especially to the aged Christian Zollinger, who is one of our most esteemed citizens.

THE JAILS OF INDIANA.

Improvements in Many—Some a Disgrace to the State.

Secretary Johnson, of the board of state charities, has completed his visits for this year to the jails and poor houses in all the counties except Marion and Hendricks. He reports that he has found improvement in nearly all the jails and poor houses which a year ago he criticised unfavorably. In some instances better persons have been put in charge of these institutions, in others new buildings have been erected or old ones repaired. A greater effort at cleanliness and order and humanity has been noted in many places.

Mr. Johnson believed that as a rule, the keepers of jails and poorhouses desire to care for their charges in a proper manner, and he finds that hints and suggestions which he makes, based upon his wide observation, are very apt to be acted upon willingly and promptly. The faults are commonly the result of ignorance or lack of means rather than inclination. There are yet some poor houses and jails in the state, however, which are a disgrace to civilization, and where no determined effort has been made by commissioners or keepers to reform the evils which prevail. The hope in these cases lies in the reasonable certainty that changes will occur in personnel of the men in authority, and that these will bring in more liberal and intelligent men.

A PLACE OF WORSHIP.

Glenwood Chapel Will be Moved Into South Wayne.

For some time past efforts have been made to establish in South Wayne a Baptist church, and the endeavors have not been in vain. Judge Allen Zollars has donated a beautiful lot at the corner of Indiana and Cottage avenues as a site for the church. A. C. Beaver has kindly given the Glenwood chapel, near the old Esmond mill site, for the cause, and the building will be removed to the lot donated by Judge Zollars, a distance of three-quarters of a mile. Rev. S. A. Northrop has consented to conduct services at the newly established church every Sunday afternoon. Sunday school services, heretofore held at the town hall, will be held in the new church.

Rescued from the Depths of Misery.

The misery endured by unfortunates whose livers are derelict in duty is unspeakable. Sick headaches, nausea, costiveness, disorder of the digestive apparatus, heartburn, vertigo, unrest, sourness of the breath, uneasiness beneath the short right ribs and right shoulder blade, fickle appetite, are among the baleful indicia of biliousness, which, however, speedily vanish when Hostetter's Stomach Bitters is employed as a regulator. Most effectually is its work of discipline carried on, and a complete renewal of the digestive, secretive and evacuative functions satisfactorily proven. In cases of malarial disease the liver is the principal gland involved, and for maladies of a malarial type Hostetter's Stomach Bitters is an absolute specific. As a laxative—painless but effective—it is unrivalled and it is an admirable preventive of chronic kidney trouble and rheumatism, and a superb general tonic and corrective.

POLITE.

It pays to be honest and polite, but it does not pay to trust the polite merchant. He may tell you a polite lie. If you wish to be happy you must learn to be just deaf enough not to hear some things and just blind enough not to see others. Knowledge often travels in one deep channel instead of spreading out in many shallow streams. Best Silver Plated Knives, Forks and Spoons are stamped 1847 Rogers Bro's. All other Rogers Brothers without the stamp 1847 are sold cheaper. Decorated American dinner set, 11 pieces, $2.50. English and American dinner set, 100 pieces, $8.50. You will get better goods for less money at Wahl's Cheap Crockery store, No. 8 West Columbia Street, (sign Big Dog) Fort Wayne, Ind.

BRIC-A-BRAC.

Show me a home made beautiful by the ingenius device of the lady of the house and I will show you a happy and pleasant home. Show me the home with no attractions; no Bric-a-brac; no Vases filled with pretty flowers; no Bisque figures; no handsome little pieces for the table; no card receivers or handsome little ash receivers or pin trays; no handsome vase jar or other simple but neat and tasty little ornament in China or Glass, and I will show you a home where the husband rarely spends his evenings.
